FoHVOS & Outdoor Equity Alliance present:

**Careers in Conservation Internship**

Get Paid for Sampling Careers in Conservation

Spend 20 hours this spring working as an intern exploring STEM jobs in urban forestry. Engage in field work with local experts.

**APPLY NOW**

**APPLICATIONS DUE MARCH 25**

FoHVOS
FRIENDS OF HOPEWELL VALLEY OPEN SPACE
Work with Peers & Experts

20 High School students will be selected from across Mercer County to work with community experts.

Collaboration and teamwork among diverse groups is featured in all FoHVOS-OEA internships.

Expert partners may offer full-time or summer work to graduates.

Paid Internship

Your paid time is spent on zoom trainings, field and project work. Learn marketable skills that contribute to college and career readiness while engaging in service learning. Gain experience for your resume or college application!

*Choose pay or service hours
The United Nations defined 17 Sustainable Development Goals. While they are all important and interrelated, we have shared the SDGs that we will explore in Careers In Conservation.

**Priority SDGs**

The history of urban forestry
Importance of trees, soil and water quality
GPS & GIS technology to navigate and map a forest
Native Planting, biodiversity, and restoration
Combating threats to the forest

**What You Will Learn**

- Randy Baum - BRS Inc.
- Olivia Glenn - NJ DEP
- Geoffrey Goll - Princeton Hydro
- Ian Gray - Mercer County Parks
- Alex Rivera - Kean University
- Shanasia Sylman - National Park Service
- Michael Van Clef - FoHVOS
- Jay Watson - NJCF

*Expert leaders subject to change.*
Careers in Conservation
